

NO WELDING OR PAINTING REQUIRED!

#2210 INSTA 2-SHELF BRACKET

#2210 INSTA 2-SHELF BRACKET:

The INSTA Two-Shelf Bracket delivers superior strength, yet appears slim and trim. The bracket provides the ability to customize your storage space by seamlessly integrating with the INSTA 1210, 3210 and 4210 shelf brackets. The brackets are a breeze to install. Simply hook them onto the shipping container D-rings, add your wood shelves and begin storing. This bracket has two arms and uses four 2x10 pieces of construction grade wood (not included) to make a shelf that is 18.5" deep. A minimum of two bracket units are required to make a shelving system.

Notes:

- Wood shelves not included.
- This product cannot be shipped to the US.
- Similar products: 1210, 3210, 4210, 3212, 4212R, 4000C.

INSTA Container Modifications is a proud charter member since 2008 of the National Portable Storage Association (NPSA).

WARNING - All products that require installation or fabrication should never be done until you have the product in hand to take exact measurements. While every attempt is made to make sure product specifications are accurate, there is the possibility the products have been updated or a small variance between production made the measurement off. Installation of products may require some fabrication experience, and in no way does warranty cover installation mistakes.
