

NO WELDING OR PAINTING REQUIRED!

#3240 #3241 INSTA BOLT-ON LOCK BOX

#3240 #3241 INSTA BOLT-ON LOCK BOX DESCRIPTION:

INSTA Shipping Container Lockboxes will keep your stored belongings safe and secure. The INSTA Bolt-On Lock Box is the first shipping container lock box designed to be bolt-on and comes powder coated dark gray so NO welding and NO painting is required. This Insta Bolt-On Lock Box is our most popular modification item. The 'Wave' design keeps the lock hidden, protecting locks from being accessible to bolt cutters while allowing easier access when attaching the lock. Lockboxes are available in right and left-hand (swing door) options and are best used with our # 6850 INSTA Pad Lock, #8080 INSTA Sobo Block Lock, or #6850 Master Lock Pad Lock.

***Locks sold separately**

INSTA Container Modifications is a proud charter member of the National Portable Storage Association (NPSA).

WARNING - All products that require installation or fabrication should never be done until you have the product in hand to take exact measurements. While every attempt is made to make sure product specifications are accurate, there is the possibility the products have been updated or a small variance between production made the measurement off. Installation of products may require some fabrication experience, and in no way does warranty cover installation mistakes.
