

NO WELDING OR PAINTING REQUIRED!

#6061 #6062 INSTA RHINO DOOR

#6061 #6062 INSTA RHINO DOOR DESCRIPTION:

This INSTA Rhino Door is one tough and stylish door! Built to allow for easy access to your container and strong enough to protect your stored goods. This door has no weakness, it's fully insulated with Polycrystalline Mullite fiber board insulation and has a fire rating of 90 minutes; making it just as strong if not stronger than the walls of your storage container! Although designed for shipping containers, this door can be used for many purposes outside a container.

***Door handle sold separately.**

**Save on labour costs.
Installs in less than 1 hour!**

WARNING - All products that require installation or fabrication should never be done until you have the product in hand to take exact measurements. While every attempt is made to make sure product specifications are accurate, there is the possibility the products have been updated or a small variance between production made the measurement off. Installation of products may require some fabrication experience, and in no way does warranty cover installation mistakes.
