#BR 0225L-360H CRADLE-STYLE BARREL RACK

#BR 0225L-360H CRADLE-STYLE BARREL RACK

The **BR 0225L-360H Cradle-Style Barrel Rack** is a double-barrel rack offering both strength and stability. Designed for 60-gallon (225-litre) Bordeaux barrels, it is light enough to be handled or moved by one person when empty.

The powder-coated off-white tubular steel frame provides durability while the shaped cradles provide safe and ideal support for barrels, whether empty or loaded. The frame design allows for the handling of loaded racks by forklift, making them stackable up to 5-high to maximize your storage capacity. The frame design also allows handling by pallet jack when entering from the sides.

Simply place two barrels onto a rack. Repeat using a second rack. Then, using a forklift, place one on top of the other with the frame of the upper rack bearing fully on the lower rack barrels. Repeat this process until desired stack height is achieved, up to a maximum of 5-high.

SPECS

- 44.5" wide x 30.7" deep x 14.2" high
- 1130mm wide x 780mm deep x 360mm high
- 21kg (46.2 lbs)
- Powder-coated off-white

FEATURES

- Strong and durable
- Stackable up to 5-high, barrels loaded
- Light enough to be handled by 1 person when empty
- Powder-coated to resist corrosion
- Nest together for storage while not in use

WARNING - All products that require installation or fabrication should never be done until you have the product in hand to take exact measurements. While every attempt is made to make sure product specifications are accurate, there is the possibility the products have been updated or a small variance between production made the measurement off. Installation of products may require some fabrication experience, and in no way does warranty cover installation mistakes.
